## *DanceNow at Joe's Pub 2016*

By [QUINN BATSON](#)

The DanceNow festival at Joe's Pub continues to be a good place to see solid dance that makes you think or makes you laugh, and often does both. The nightclub ambience gives sharper focus (small stage) and more intimacy, and food and drink help feed the senses.

**Pearson (Sara) and Widrig (Patrik) of PEARSONWIDRIG DANCETHEATER** each did a rich, smart solo in different parts of the program, hers from *The Beginning of Forgiveness* and his from *...and still doing....*

With veterans like these, DanceNow is more and more like a revue show, polished and professional and highly entertaining, well worth spending the evening.
